

Greater Madawaska Public Library Librarian's Report – January 2017

Well Baby Drop In

The Well Baby Drop in clinic is now being offered twice per month. Jennifer McCuaig, Renfrew County Public Health nurse will be visiting the library the second and fourth Thursday of the month between 10:30 a.m. and 11:30 a.m. She will be here during our regular storytime program, so bring along your preschoolers too. The Well Baby Drop in is for children ages newborn to 6 years and provides an opportunity for parents and caregivers to discuss their children's development. The program is free!

Guest Author

On January 5th, guest author, Michelle Freemark, visited the library storytime group to read her new book entitled "Emerald's Big Discovery." The book was well received and enjoyed by all. Michelle has left copies of her book at the library to sell, so please come by and get yours soon! The book is just \$13 and no tax will be charged.

Library's Book Sale

The book sale continues with new selections added on a regular basis. Come by and check out some of the great reads by popular authors such as Greg Iles, David Baldacci, John Grisham, Danielle Steel, Nora Roberts and others. We also have some non-fiction titles and children's books too. There is no set price for the books as payment is by donation.

Audiobook Collection Update

In 2017 the library's Audiobook collection will be updated by adding 12 – 15 new titles. This is part of the library's Collection Development Plan. If there is a specific Audio book title or author you would like to suggest for purchasing please submit your request either by email at gmpl@bellnet.ca, in person at 4984 Calabogie Road, or by calling 613-752-2317. It is always great to have patrons' input when adding to the collection.
