Indicate Road Type: Township County Private Provincial Highway

Please ensure the entrance to your property is clearly marked.

For entrances on Township roads, the Public Works department will determine if anything is required in the way of constructing your entrance (e.g. Culvert, ditching, sightlines).

The Public Works department will calculate the address, which is a mathematical formula using the actual measurement from the nearest existing civic address to your entrance. When your civic address number has been calculated, you will be notified of the number, and in the case of Township roads, your entrance permit will also be provided with any instructions.

The green sign and post are ordered from the County of Renfrew sign shop and then installed by Our Public Works department.

Fee: Entrance Permit (Township roads only) \$100

Civic number \$125
