

Alternative Voting - 2018 Municipal Election

A new process for casting your vote

On April 10, 2017, Council approved the use of the alternate voting method of internet/telephone for the 2018 Municipal Election. Electors will be able to cast their vote online or by telephone 24/7 anywhere they have an internet or telephone line. This is an accessible environmentally-friendly, and convenient method of voting. Internet/telephone voting provides voters with flexibility and convenience, delivers quick and accurate results, and allows non-resident property owners, students and vacationers to vote from anywhere.

Electors will receive a notice in the mail providing instructions and a secure PIN number to use to vote by either the internet or telephone. Electors are encouraged to vote between 10:00 am on Tuesday, October 9, 2018 to 8:00 pm on Monday, October 22, 2018. There is no need to wait until Election Day to vote.

A Help Desk will be available at the following locations and times for all electors to access. They are not specific to the wards, all electors in the Township can go to any one of them:
