

Greater Madawaska Public Library Librarian's Report – July 2016

Well Baby Program

The Well Baby Program runs the first Thursday of each month. Public health nurse, Jennifer McCuaig, visits the library to weigh infants, and discuss development, stimulation and nutrition with parents. The program is free and open to everyone. For more details contact the library.

Baby Book Bag Program

Once again this year, we will be presenting hand painted book bags to infants in the township who were born between November 2015 and October 2016. If you would like to register your infant for a free baby book bag, please contact the library.

Children's Summer Program

The Children's Summer Program has begun. The TD Summer Reading theme this year is "Wild"...so we'll be offering activities and reading resources that tie in with the theme such as wild animals, wild flowers, wild weather and more. We'll have activities for children of all ages from infants and up to 12 years of age. It's the perfect opportunity for children to get out and play and enjoy the great outdoors.

Early Literacy Specialist

Count of Renfrew Early Literacy Specialist, Angela Kuehl, will be visiting the library in August to conduct a workshop on the importance of musical instruments in Early Literacy. Please check our Facebook page and Library Bulletin Board in mid July for the date of her visit.
