

COVID-19 Requirements for all Seasonal Campgrounds

Schedule 2, section 26 of [Ontario Regulation 82/20](#) applies to campgrounds, and states that they can open if they meet the following conditions:

Campsites must be made available only for trailers and recreational vehicles that are used by individuals who are **in need of housing**, or are permitted to be there by the terms of a **full season contract**.

Only campsites with **electricity, water service** and facilities for **sewage disposal** may be provided for use.

All recreational facilities in the campground and all other shared facilities in the campground, **other than washrooms and showers**, must be closed.

Other areas of the seasonal campground must be closed to the general public and must only be opened for the purpose of preparing the seasonal campground for reopening.

Campgrounds must also comply with the [Stay-At-Home Order](#), which states that *travelling to another residence of the individual is permitted if the individual intends to be there for less than 24 hours AND are attending for one of the purposes permitted under the Stay-at-Home order, or if the individual intends to be there for 14 days.*
