Responsibilities of the Bidder

Liability Insurance

Commercial General Liability Insurance shall be issued on an occurrence basis for an amount of not less than \$5,000,000. per occurrence / \$5,000,000. annual aggregate for any negligent acts or omissions by contractor relating to their obligations under this Agreement. Such insurance shall include but is not limited to bodily injury and property damage including loss of use; personal injury; contractual liability; premises, property & operations; non-owned automobile; broad form property damage.

Such insurance shall add the Township of Greater Madawaska as Additional Insured with respect to the operations of contractor. This insurance shall be non-contributing with and apply as primary and not as excess of any insurance available to the Township.

Automobile liability insurance with respect to owned or leased vehicles used directly or indirectly in the performance of the services covering liability for bodily injury, death and damage to property with a limit of not less than \$5,000,000 inclusive for each and every loss.

The Policies shown above shall not be cancelled unless the Insurer notifies the Township in writing at least sixty (60) days prior to the effective date of the cancellation. The insurance policy will be in a form and with a company which are, in all respects, acceptable to the Township.

The Township reserves the right to request additional insurance (ie. Environmental Liability Coverage) to comply with exposure associated with a particular job.

The Contractor agrees to indemnify and save harmless the Owner from all costs, losses, damages, judgements, claims, demands, suits, actions, or other proceedings in any manner based upon, occasioned by or attributable to anything done or omitted to be done by the Contractor, its directors, officers, employees, agents, or volunteers in connection with services provided.

Contractor shall forward a certified copy of the policy or certificate thereof to the municipality before the work is started.

Workplace Safety and Insurance Board

The Contractor must provide a current Workplace Safety and Insurance Board Clearance Certificate to be eligible for specified works.

CVOR Abstract

The Contractor must provide a current Commercial Vehicles Operators Registration Level 1 Abstract. Current would be within two months of the commencement of the project.

Regulations

The Contractor shall abide, if applicable, by the requirements of the Industrial Standards Act, the Employment Standards Act and any other Acts or By-Laws, which are relative to the performance of the work.

Conditions of Tender

The Contractor has carefully examined the provisions, specifications and conditions in this Tender and has carefully examined the site and location of the work to be done under this contract, and the Contractor understands and accepts the said provisions, specifications and conditions, and for the prices set forth in this Tender, hereby offers to furnish all machinery, tools, apparatus and other means of construction, furnish all materials, except as otherwise specified in the contract, and to complete the work in strict accordance with the provisions, specifications and conditions in this Tender.

Tenders shall be open for acceptance for a period of 30 days after the closing date. After this time, the Tender may only be accepted with the consent of the successful bidder.

It is agreed that the Tender quantities are estimated only and may be increased or decreased by the municipality without alteration of the contract price. However, should such an increase or decrease exceed 20%, then either party to the contract may request, in writing, that negotiations be carried out to determine if a revised unit price would be appropriate.

The Contractor must notify the Township a minimum of 48 hours prior to commencing the work.

INFORMATION TO BIDDERS**Damage By Vehicles And Other Equipment**

If at any time, in the opinion of the Public Works Manager, damage is being done or is likely to be done to any highway or any improvement thereon by the Contractor's vehicles or other equipment whether licensed or unlicensed, the Contractor shall, on the direction of the Public Works Manager and at the Contractor's own expense make changes in or substitutions for such vehicles or other

equipment or shall alter loading or shall in some other manner remove the cause of such damage to the satisfaction of the Public Works Manager.

Loading Of Motor Vehicles

Where a vehicle is hauling material for use on the work under the contract, in whole or in part upon a public highway and where motor vehicles registration is required for such vehicle, the contractor shall not cause or permit such vehicle to be loaded beyond the legal limit as specified in the Highway Traffic Act, whether such vehicle is registered in the name of the Contractor or otherwise.

Movement Of Traffic

It will be necessary to always make provisions for the movement of vehicular traffic and the Contractor will be responsible for performing the work so that the least inconvenience is caused to traffic. The Township will be responsible for signing the various work locations. Successful contractor will not be permitted to use Mill Street in Calabogie as a haul route.

Placing And Stockpiling

The granular material shall be spread in a uniform layer by tailgating or equivalent means, over the road. Stockpiles shall be built in layers not to exceed three feet in depth, and each layer shall be completed over the entire area of the stockpile before beginning the next layer. Aggregates delivered in trucks to the stockpile shall be uniformly spot dumped. Coning of the piles or spilling of material over the edges of the pile will not be permitted.

Material Testing

The Township will be randomly sampling and testing the gradation of the material delivered on the road to ensure compliance.

If the material delivered does not comply with specifications, the Township may reduce payment by the percentage of material that does not meet the specification.

Measurement for Payment

Measurement for payment of surface treatment applied will be by the units of square meters and will include only those materials incorporated into the work and accepted by the Public Works Manager, **OR** by the tonne if hot mix asphalt is accepted.

It is agreed that the Tender quantities are estimated only and may be increased or decreased by the Township without alteration of the contract price. However, should such increase or decrease exceed 20%, then party to the contract may request, in writing, that negotiations be carried out to determine if a revised unit price would be appropriate.

Ontario Taxes

All Ontario Taxes will be included where applicable to municipalities. It should be noted that the Statutory Declaration requires the Contract to indicate the amount of Ontario Tax remitted by the Contractor to the Province.

Tender Deposit

A certified cheque made payable to the Township of Greater Madawaska in the amount of 10% of the total Tender must be submitted with the Tender. The cheque of the unsuccessful bidders will be returned within seven days of Tender opening. The cheque of the successful bidder will be retained until Municipality’s acceptance of the work.

Tenders not accompanied by a certified cheque will not be considered
